

HSEQ Policy

(Health, Security, Environment and Quality Policy)

Zero injuries are our overall objective. The long-term business success of Green Mountain depends on our ability to continuously improve the quality of our services and products while protecting people and the environment.

Green Mountain creates growth and sustainable values through good relations with employees, customers, and suppliers. Green Mountain is committed to protecting the health and safety of all personnel involved in our activities.

Green Mountain shall meet or exceed all regulatory requirements and obligations according to ISO 9001, ISO 14001, and ISO 45001.

To fulfill this commitment, we will make sure to:

- Keep HSE the essential internal work area. Keep HSE as a line responsibility in the entire organization.
- Provide a high and consistent quality in the Operation and Delivery of Data Centre Services.
- Perform all work in compliance with Green Mountain's QMS, the applicable technical and administrative operating policies and procedures, legal and regulatory requirements, and specific customer requirements.
- Support continuously improving the quality of our client's operational and technical requirements.
- Enhance the competence of our people through training and career development.
- Learn from our mistakes.
- Promote a culture in which all have the belief and commitment to achieve our goals.
- Strive for zero emissions and minimize the impact of our operations on the environment.
- Reduce the amount of waste and optimize the use of resources.
