ON-SITE AND OFF-SITE DECOMMISSIONING

SECURE DATA ERASURE AT GREEN MOUNTAIN'S DATA CENTRES AND
CHG-MERIDIAN'S LOCATION IN SKIEN

WHY CHOOSE ON-SITE SOLUTIONS ?

From CHG-MERIDIANS's Technology Center in Skien, we are helping our customers to meet their internal compliance requirements, without having to choose a solution for data destruction that has a negative environmental impact.

If required by the individual company's security policy, the secure erasure can be performed on-site without leaving the data hall.

We can offer on-site solutions with software erasure and granulation.

WHY CHOOSE OFF-SITE SOLUTIONS ?

CHG-MERIDIANS's Technology Center in Skien can also provide an off-site solutions. We will pick up your equipment using our trusted freight forwarder, and bring it to us in Skien where we perform the secure erasure process there.

The security standard is equal to our on-site solution. You will receive erasure certificates on all items when they are processed. Every item is easily recognizable by serial numbers.

This solution is also safe, but it's a more affordable one.

#1

SECURE AND ENVIRONMENTALLY FRIENDLY ON-SITE DATA ERASURE

ON SITE DATA ERASURE ALLOWS DATA TO BE FULLY ERASED
WITHIN THE CUSTOMERS DATA CENTER, WHILE LEAVING THE DISKS
INTACT TO BE REFURBISHED AND REUSED.

MEETS THE SECURITY REQUIREMENTS

Blancco Array Server erasure tool is designed for efficient and secure decommission of large storage solutions. In terms of security, Blancco meets strict security requirements and several versions of the software are certified by the National Security Authority, NSM. The tool also generates an erasure certificate per individual disk. A solid documentation according to GDPR requirements.

FLEXIBLE AND COST-EFFICIENT

Even though the technology behind the erasure tool is the most advanced available, the user interface and configuration tool is easy to use, and the training of personnel usually takes a couple of hours.

With a smart set-up of the erasure tool, and with proper training with IT technicians from CHG-MERIDIAN, customers can choose to use their own personnel or request assistance from Green Mountain to perform the erasure process on-site — making the process cost-efficient and flexible.

A woman with long dark hair, wearing a dark blue shirt, is operating a large industrial shredder machine. She is looking down into the machine's opening. The machine is white and has a large metal handle on the side. The background is a plain, light-colored wall.

#2

SAFE AND EFFECTIVE GRANULATION OF STORAGE MEDIA ON-SITE.

FOR STORAGE MEDIA THAT IS DEFECTIVE OR OUTDATED, A SOLUTION WITH GRANULATION OF STORAGE MEDIA ON-SITE IS A SAFE WAY. USING THIS METHOD, THE UNITS WILL BE COMPLETELY DESTROYED AND THE GRANULATION MASS WILL BE SENT FOR SECURE COMBUSTION ON A LOCAL RECYCLING FACILITY.

MEETS THE SECURITY REQUIREMENTS

CHG-MERIDIAN offers granulation using MAXXeGUARD mobile shredder. The shredder is designed to meet the highest safety standards and can granulate all the way down to 1 mm cut. For control of the process, each unit is registered by serial number, scanned and certificates are generated for use as documentation with regard to the GDPR requirements.

FLEXIBEL AND COST-EFFICIENT

CHG-MERIDIAN Skien can provide a shredder and operator who can perform and confirm destruction of media together with the customers own personnel, or with assistance from Green Mountain.

SO HOW DO YOU GET AN OFFER FOR ON-SITE DECOMMISSIONING ?

1

GATHER INFORMATION ABOUT THE EQUIPMENT

Identify the model of your storage solution together with the number of drives included in the arrays.

If available, check the interface on the disk shelves (SAS, SATA, Fiber or other interface)

If possible, take pictures both on the front- and the back side.

2

USE OF PERSONELL

Can you use your own personell or personell from Green Mountain?

If you have limited recourses on-site, we in CHG-MERIDIAN will be more than happy to stay on location until the job is finished. Just let us know.

3

SET THE TIME FRAME

When do you need the service to be finished?

4

CONTACT US

Send us in CHG-MERIDIAN, or your contact person at Green Mountain, an e-mail with your information and we will make you an offer on the most secure and cost-efficient way you can do decommissioning.
